**DETAILED ACTION**

1. This office action is in reply to the IDS filed on September 09, 2009.
2. Claims 1, 7-8, 10 and 13-21 are pending.

***Allowable Subject Matter***

3. Claims 1, 7-8, 10 and 13-21 are allowed. No reason for allowance is needed as the record is clear in light of applicant's arguments and specification. All applicants' filed IDS have been considered and they don't read the claim limitations allowed on July 16, 2009. The closest art that examiner found from the IDS are Okamoto et al (US 7,395,245) and Shibata (US Pub. No. 2004/0076294). Okamoto teach about the content usage management system that distributes license information using a communication network from a management device. On the other side Shibata teach about a communication system performing cryptographic communication in which digital contents having a decryption limitation are transferred using a common key which is shared by devices so that the decryption of the digital contents is forbidden when the updating of the decryption limitation is unauthorized. Both Okamoto and Shibata do not read the claim limitation of this application.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TESHOME HAILU whose telephone number is (571)270-3159. The examiner can normally be reached on Mon-Fri 7:30a.m. to 5:00p.m. EST.
